Re: Bollards for Balrothery Resource Centre.  
CC: Council Members, Woodview residents.

Dear Ms Wiley

We are writing with reference to the installation of removable locking bollards at the entrance to The Balrothery Resource Centre at the end of Woodview Estate.

This has been requested by the residents of Woodview as a deterrent against anti-social behaviour at the back of the centre and unauthorised access by vehicles into the rear car park, instances of illegal dumping have occurred. The Balrothery Community Council, as custodians of the centre, is in full agreement with the residents on this requirement.

We hope you will be able to proceed with the bollards at your earliest convenience. Can we please make available keys for authorised users of the centre and also for a designated resident of Woodview. BCC contact for keys would be Susan Lynch, 086 3769976, who can arrange distribution of keys.

Many thanks in advance for all your help.

Yours sincerely,

Niall Keady  
Chairman
