Subject: Your letter dated 12th August 2008

Dear Niall,

Thank you for your letter dated 12th August. I note your disappointment with progress on the 13 matters that you have detailed in your letter. You mentioned in your correspondence that some of the issues outlined are actually on the 2008 works programme but have not been dealt with. I will certainly put the pressure on Fingal to deliver these. Maybe if you could come back to me and highlight which of these 13 points are on Fingal's works programme and I will take it from there.

You can either e-mail me or give me a call at the numbers listed below.

I look forward to hearing from you.

Kind Regards,

Darragh
